A portion of the ground level of the School of Social Work will be renovated for The Center on Global Energy Policy and the School of International and Public Affairs. The Center is dedicated to research and data-driven analysis on energy with the vision to be the premier energy policy center with a global perspective. The proposed program for the space will provide for private offices, workstations, conference rooms and support spaces.

Construction Activities for the Weeks of March 2, 2015 and March 9, 2015

Although contractors carefully stage construction activities to minimize disruption, the nature of construction work is such that some disruptions will occur. The community should expect the following in the coming weeks:

What is Happening

- Continue plumbing, electrical and HVAC roughing
- Continue wall framing and soffit framing and drywall
- Structural steel, sheet metal, HVAC piping, and concrete installation
- Demolition for new window, existing sprinkler pipe and steel ductwork as specified
- Plumbing contractor mobilization
- Continue metal stud framing and drywall
- Sprinkler tie-in

What to Expect

The community should expect the following in the coming weeks:

- Regular work hours: 7:00 a.m. – 4:00 p.m. Some work may occur outside those hours consistent with New York City Department of Buildings regulations.
- Some noise due to construction-related activities
- Delivery of materials
- Sprinkler tie-in on first floor anticipated March 12
- No weekend work
- Hot water tie-in planned for the week of spring break (March 16 to 20), subject to weather conditions

Please note that all activities are subject to change based on weather and other field conditions.

Need More Information?
