The construction of the new Campbell Sports Center and the Boathouse Marsh will provide Columbia University student-athletes with state-of-the-art facilities while increasing public access to the waterfront, restoring and extending the area’s native marshland adjacent to Inwood Hill Park, and creating an opportunity for increased educational and recreational activities for the community.

Construction Activities for the Weeks of:
June 25, 2012 and July 2, 2012

Campbell Sports Center (West 218th Street and Broadway)

What is happening

- Layout and installation of façade systems, components and waterproofing
- Layouts and sheetrocking of interior partitions and installation of stairs
- Installations of piping, MEP equipment and ductwork
- Framing of auditorium levels
- Concrete installation at first floor infill slab and along exterior ramp
- Elevator installation work

What to expect

- Regular work hours: 7:00 a.m.—6:00 p.m.
  - Limited construction on Saturday
  - Certain equipment may be delivered during off-hours pending DOT oversize load requirements
- Con Ed may begin incoming service work to the site which would impact traffic going south on Broadway and on West 218th Street along the site
- The north side of West 218th Street from Broadway to Park Terrace East and the western parking lane along Broadway from the NW corner for approximately 200 feet north toward West 219th Street will remain closed until summer 2012
- Sidewalk bridge from the edge of the soccer bleachers to the northwest corner of Broadway and West 218th Street along the west side of Broadway and from Broadway to approximately Park Terrace East along the north side of West 218th Street will be in place through summer 2012.
- The main roadway into Baker Athletics Complex will be closed. Pedestrian traffic into Baker Field will be re-routed to the Class of 1905 Gate near the football stadium.

Campbell Sports Center / Boathouse Marsh

Construction Activities for the Next Two Weeks

Boathouse Marsh (West 218th Street and Indian Road)

What is happening

- Mobilization for construction phase of the project
- Installation of temporary site fencing
- Site Surveying
- Tree/Environmental Protection (please note that while several trees will be removed, over 30 new trees will be planted at the Boathouse Marsh as part of this project in coordination with the Parks Department)
- Beginning of site clearing/demolition activities
- Removal of old workshop shed

What to expect

- Regular work hours, Monday thru Friday from 7am to 3:30pm
- Increased activity around Remmer Boathouse area
- Surveying crew on-site
- Increased access driveway utilization and construction staging
- Some noise from construction equipment

-Please note that all activities are subject to change based on weather and other field conditions-
