The construction of the new Campbell Sports Center and the Boathouse Marsh will provide Columbia University student-athletes with state-of-the-art facilities while increasing public access to the waterfront, restoring and extending the area’s native marshland adjacent to Inwood Hill Park, and creating an opportunity for increased educational and recreational activities for the community.

Construction Activities for the Weeks of:
January 30, 2012 and February 6, 2012

**Campbell Sports Center (West 218th Street and Broadway)**

*What is happening*
- Layout and installation of façade backup system and components
- MEP roughing and sprinkler installation within building
- Grouting plank and spray on fireproofing of steel
- Start of interior wall layout work
- Continued installation of stone walls and low concrete walls within the site
- Placement of equipment and tarp to support temporary heating as required
- Placement of perimeter netting and safety protection as required

*What to expect*
- Regular work hours: 7:00 a.m.—6:00 p.m.
  - Certain equipment may be delivered during off-hours pending DOT oversize load requirements
  - Possible work on Saturday, February 4th
- **Parking** along the south side of West 218th Street from Broadway to Park Terrace East has been reopened. The north side of West 218th Street from Broadway to Park Terrace East and the western parking lane along Broadway from the NW corner for approximately 200 feet north toward West 219th Street will remain closed until summer 2012.
- **Sidewalk bridges** from the edge of the soccer bleachers to the northwest corner of Broadway and West 218th Street along the west side of Broadway and from Broadway to approximately Park Terrace East along the north side of West 218th Street will be in place through summer 2012. The north sidewalk on 218th street has been reopened to pedestrians.
Construction Update

Campbell Sports Center / Boathouse Marsh

Construction Activities for the Next Two Weeks

- Sewer and storm drainage installations, subject to DEP and DOT stipulations, will likely take place during this time period. Elements of this work may involve limited parking and street closures at times determined by DOT and DEP.
  - Con Edison may elect to undertake elective gas line replacements immediately following this utility work
  - The main roadway into Baker Field will be closed. Pedestrian traffic into Baker Field will be rerouted to the Class of 1905 Gate near the football stadium.

-Please note that all activities are subject to change based on weather and other field conditions-
