The construction of the new Campbell Sports Center and the Boathouse Marsh will provide Columbia University student-athletes with state-of-the-art facilities while increasing public access to the waterfront, restoring and extending the area’s native marshland adjacent to Inwood Hill Park, and creating an opportunity for increased educational and recreational activities for the community.

Construction Activities for the Weeks of: October 10, 2011 and October 17, 2011

**Campbell Sports Center (West 218th Street and Broadway)**

*What is happening*

- Trench and install incoming services and utility lines into building footprint
- Trench and install services and utility lines at slab on grade within the site
- Installation of formwork for foundation walls, footings and pits - including related rebar installation
- Pouring of concrete footings, walls and pits
- Backfill interior footings, pit and trenches
- Set up traffic controls along 218th St per DOT approved plan in preparation for crane
- Per DOT stipulations, set up traffic control devices including barricades around perimeter of site
- Permit issuance pending, trenching in street to install site utilities will commence
- Start and complete crane pad installation on West 218th street

*What to expect*

- Regular work hours: 7:00 a.m.– 6:00 p.m.
- Please note that certain construction equipment may be delivered after hours pending DOT oversize load requirements
- Please note that utility and trenching work may take place after hours depending on jurisdictional approvals
- Traffic changes per DOT stipulations:
  - Effective 10/11/2011 and lasting for up to five months, construction work will occupy the two westbound lanes on West 218 Street (parking lane and driving lane) from Broadway to approximately Park Terrace East
    - The two eastbound lanes (parking lane and driving lane) on West 218 Street (from Broadway to Park Terrace East) will be split to accommodate one eastbound driving lane and one westbound driving lane
Construction Activities for the Next Two Weeks

- No parking on north or south sides of West 218 Street from Broadway to Park Terrace East until March 2012
- No parking on the west side of Broadway between West 218 Street to West 219 Street until March 2012
- No pedestrian access on the north side of West 218th Street between Broadway and Park Terrace West until March 2012. Pedestrian access will be maintained on the south side of West 218th Street.
- Temporary traffic control personnel will be present to assist as needed
- Please note that the installation of a crane pad will commence along the project site at West 218th Street and Broadway on 10/17/2011 and will involve delivery trucks and intermittent closures of West 218th Street during that week as well as the closure of the sidewalk on the north side of West 218th Street along the project site. The crane pad and crane will be in place for up to five months.

- The main roadway into Baker Field will be closed. Pedestrian traffic into Baker Field will be re-routed to the Class of 1905 Gate near the football stadium.

*Please note that all activities are subject to change based on weather and other field conditions*
