Construction Update

Mudd Building Renovations

Construction Activities for the Next Two Weeks

His construction update has been developed specifically for people with an interest in the progress of renovations at the Mudd Building and contains information on construction activities in and around the building. Mudd Building renovations include expanding and renovating the Carleton Lounge, creating new space for the growing Data Science Institute, renovating Electrical Engineering education and research space, and updating restrooms and corridors.

Construction Update for the weeks of
April 6, 2015 and April 13, 2015

Although contractors carefully stage construction activities to minimize disruption to the surrounding community, the nature of construction work is such that some disruptions will occur. The community should expect the following in the coming weeks:

What is Happening

- Framing partition walls
- Installation of drop ceiling
- Electrical roughing, installation of conduit, boxes and supports
- Duct work, installation of copper lines
- Plumbing work on 3rd, 4th and 5th floors; reroute gas lines; install pressure return valves
- Continue roughing for fire sprinkler system
- Terrazzo floor installation in 4th floor entry and elevator lobby; continue floor installation in lounge
- Initiate tile work in 4th floor bathrooms
- Reroute pipes and risers
- Structural installation in the lounge foyer
- Infill and grouting at the 4th floor entranceway
- Initiate millwork, including fasteners for installation and metal beams

What to Expect

The community should expect the following in the coming weeks:

- Delivery of materials
- Some noise due to construction-related activities
- Corridor traffic and noise
- Removal of construction debris

-Please note that all activities are subject to change based on weather and other field conditions-
