This construction update has been developed specifically for occupants of Pupin Hall and contains information on construction activities in and around the building. In efforts to make necessary upgrades to the building, while preserving its historic significance on the campus, a series of concurrent projects commenced in the spring of 2014 and continue until the fall of 2015. We hope you find this useful and thank you for your patience and cooperation as we work to make Pupin a better place to work and learn.

Construction Update for the weeks of September 22, 2014 and September 29, 2014

Although contractors carefully stage construction activities to minimize disruption to the surrounding community, the nature of construction work is such that some disruptions will occur. The community should expect the following in the coming weeks:

**What is Happening**

- Physics New Theoretical Center
  - Floor layout and carpentry work
  - Electrical rough-in work
  - Construction deliveries

- MEP Vertical Infrastructure Upgrade
  - Work inside temporary construction barrier (Floors 3, 6, 9 and 12)

- Exterior Copper Cornice Replacement
  - Overhead scaffolding bridge at perimeter of the building
  - Heavy utilization of 120th Street (exterior work)

**What to Expect**

The community should expect the following in the coming weeks:

- Regular weekday work hours: 7:00 a.m. — 5:00 p.m. Saturday work hours: 9:00 a.m. — 5:00 p.m.
- Delivery of materials
- Some noise due to construction-related activities
- Elevator #36 to be utilized for construction related work
- Corridor traffic and noise
-Please note that all activities are subject to change based on weather and other field conditions-

**Need More Information?**
