The construction of the new Campbell Sports Center and the Boathouse Marsh will provide Columbia University student-athletes with state-of-the-art facilities while increasing public access to the waterfront, restoring and extending the area’s native marshland adjacent to Inwood Hill Park, and creating an opportunity for increased educational and recreational activities for the community.

**Project Scope**

The Campbell Sports Center, designed by award-winning local architect Steven Holl, will be a five story, 47,700 square foot facility built on the corner of West 218th Street and Broadway. It will house spaces for football and varsity coaches, strength and conditioning, and meeting and study spaces for student-athletes. The Center will be at minimum LEED Silver certified. Construction is expected to be complete by fall 2012.

The Boathouse Marsh, designed by James Corner Field Operations, lead designers of the High Line, will create new public access and amenities on the waterfront, provide seating and passive recreation areas, restore and extend the area’s native marshland, and extend the educational offerings of Inwood Hill Park by creating an environment for learning about wetlands and living herbarium of the plants species that once flourished in the area. Construction is expected to be complete by fall 2012.

**What to Expect**

Although contractors carefully stage construction activities to minimize disruption to the surrounding community, the nature of construction work is such that some disruptions will occur. The community should expect the following in the coming month:

- **Campbell Sports Center**
  - Work will include excavation, pouring of concrete footings and street connections for electrical and plumbing service
  - Parking lane and partial sidewalk closure along the project site on the north and south sides of West 218th Street and Broadway. Pedestrian access will be maintained.
  - Closure of one traffic lane on West 218th Street between Broadway and Park Terrace East. Vehicular access will be maintained.
  - The main roadway into Baker Field will be closed. Pedestrian traffic into Baker Field will be re-routed to the Class of 1905 Gate near the football stadium.
  - Regular work hours: 7:00 a.m.—6:00 p.m.
  - Please note that certain deliveries to the site may occur during off-hours per DOT regulations
  - Please note that work occurring at the intersection of 218th Street and Broadway is not part of this project

More specific information about construction impacts can be found in our weekly construction updates at [http://facilities.columbia.edu/projects](http://facilities.columbia.edu/projects). Please note that construction activities are subject to change based on field conditions. We appreciate the patience and cooperation of everyone who is temporarily inconvenienced by these projects.

Columbia Football Northern Manhattan Appreciation Day

Come cheer on the Columbia Lions as they open the much anticipated 2011 football home season on September 24 against Albany. Game time is 12:30 p.m. on Robert K. Kraft Field at Lawrence A. Wien Stadium. All Northern Manhattan residents will receive complementary admission to the game during our first ever “Northern Manhattan Appreciation Day.”

To reserve tickets or for more information, please contact your community liaison, Sandra Harris, Assistant Vice President for Government and Community Affairs, at 212-305-6359 or sh533@columbia.edu.

Also, Northern Manhattan residents can receive complimentary tickets on game day by showing identification outside the Class of 1905 Gates next to Lawrence A. Wien Stadium.

We look forward to seeing you there!
